Webster's International Dictionary

Grand For Ready Reference
In Office, School, or Home.

A College President writes: "For ease with
which the eye finds the word sought, for accuracy
of definition, for effective methods in indicating
pronunciation, for terse yet comprehensive state-
ments of facts, and for practical use as a working
dictionary, 'Webster's International' excels any
other single volume."

The diacritical marks for indicating the sounds of letters are so plain and intelligible
as to be easily understood by old and young. Nearly all schoolbooks use them.

"It is The One Great Standard Authority

the perfection of dictionaries," so writes Justice Brewer of the
United States Supreme Court, who voices the general sentiment.
